Dear Parents,

It's a New Year! It is time to unfold new pages and start a new chapter in all spheres of life. All thanks to God Almighty for sparing our lives to witness the New Year. It shall be a happy and a prosperous year for us.

We recorded great success in all our activities (curricula and extra curricula) last term and we hope to keep that record this term and beyond. We have outlined different programmes for this term that will make learning enjoyable for our pupils. Some of these programmes include: career day, excursion, debating, spelling bee etc.

PUNCTUALITY

Punctuality is very significant in making progress. We will therefore like to implore parents whose wards use the bus service to please have them ready, and be at the door or gate before the bus arrives. Every minute spent waiting for a child delays the next child's pick up time, makes his/her parents less alacritous, and further delays everybody's arrival at school. Parents who bring their wards to school by themselves should also endeavour to get them to school in time for morning assembly, where important information and instructions are given to pupils.

EXCURSION AND CAREER DAY

Children are inquisitive and curious about the world around them. This term we will be visiting exciting places on excursion, and we will also observe a day as Career Day.

The career day is a day where pupils learn about different jobs that exist in their community, and many of them might discover something new to aspire to.

More information about these events will be passed across in the course of the term.

Please note: Parents are expected to pay their children/wards' school fees fully before the end of second week of resumption.

MORNING DRILL

Morning drill continues from the first day of resumption for Grade six pupils ONLY. This is usually done to serve as reinforcement in preparation for Common Entrance Examinations and other relevant ones. Parents should please bring their children before 7am (Monday – Friday).

CONCLUSION

I am double sure this term is going to be more exciting and much more productive than the previous term because, around here, we don't look backwards for very long. We keep moving forward, opening up new doors and doing new things for we're curious, and curiosity keeps leading us down new paths.

On this note, I welcome you all to the second term, 2018/2019 academic session.

Thank you.
